NOTICE

National Telecommunications Regulatory Commission Grenada (NTRC)

Interconnection Agreement Order

The public is hereby informed that the NTRC has issued an order (*“Interconnection Agreement Order”*) to both Cable & Wireless/LIME and Digicel to comply with the existing interconnection rates (*“Rates for Mobile Termination”*) set by the Eastern Caribbean Telecommunications Authority (ECTEL).

The effect of the Interconnection Agreement Order is to direct Cable & Wireless/LIME and Digicel to renegotiate their present agreement in keeping with the Decision on Interconnection Rates taken at the 19th ECTEL Council of Ministers meeting on 31st March 2009.

Telecommunication Providers may agree to an interconnection rate lower than the maximum rate approved by NTRC/ECTEL. Interconnection rates higher than that approved by NTRC/ECTEL can lead to the customers paying a higher price for mobile services.
