The National Telecommunications Regulatory Commission (NTRC) in accordance with **Regulation 36 (2) of SRO 54 Telecommunications (Retail Tariff) of 2014**, hereby advises that it intends to carry out a review of tariffs for data and voice services provided by Digicel Grenada Limited.

Grenada

Telephone (473) 415-0028

Service: **Data and Voice Services**

Tariffs to be reviewed: **Data and Voice Price Changes**

Reason for Review

To determine whether proposed changes are in compliance with Regulations 6-9 of the Retail Tariff Regulations as outlined above, namely:

Regulations 6 – that the Tariffs meet minimum conditions.

Regulations 7 – that the Tariffs are not unreasonable.

Regulation 36(1) (c) – Tariff's significant impact on customers in Grenada.

Regulation 36 (1) (d) – ECTEL recommends a review.

Most importantly, that the Tariffs for Data and Voice Services are fair and reasonable in accordance with Regulation 6(2) (a) and under Regulation 7(1) (d) that the tariff is not fair and reasonable, as it represents an increase for a rate that, having regard to the nature of the service, is likely to have a significant impact on customers in Grenada.
